

Extruded – ACRYLITE® FF acrylic sheet

Exciting versatility, consistency, performance & value

ACRYLITE® FF acrylic sheet is the highest quality continuously manufactured sheet on the market today. Produced in large quantities with a proprietary innovative process, ACRYLITE FF sheet products are economical; provide tight thickness tolerance, high optical characteristics and low stress levels. ACRYLITE FF sheet is readily available in a variety of standard sizes and thicknesses, in colorless and colors that are transparent, translucent or opaque.

Features & Benefits:

- Continuously manufactured (extruded)
- Excellent weather resistance with a ten year warranty
- Easier to fabricate at lower temperatures than cast sheet products
- Ideal for thermoforming with low shrinkage

Standard Product Specifications:

- Sizes: Range from 48"x96" to 75"x100"
- Thicknesses: Available from .060" to .944" in clear and .060" to .236" in color
- Colors: More than 20 standard colors available
