

ACRYLITE® Textured acrylic sheet

Design Pure and Simple

ACRYLITE® Textured acrylic sheet offers many options for all imaginable designs and applications – whether classic or trendy, understated or eye-catching. With its light and discreet surface patterns, ACRYLITE Textured sheet protects you from inquisitive eyes, but still lets in plenty of light and offers a feeling of space.

ACRYLITE® Trend Textured – This stylish product offers designers a choice of two unique patterns – Swing and Tunis, both ideally suited for partitions, door or cabinet glazing, furniture, shelving and countless other designer creations.

ACRYLITE® Classic Textured – Patterns include two-sided FFX, FFV and FXS stippled textures and one-sided Ribbed. The uneven surface diffuses light to create obscurity and privacy. Typical applications include privacy screens and partitions, shower enclosures, furniture and door or cabinet glazing.
