

Application Story

ACRYLITE® Satinice

Akwa Ibom Stadium, Nigeria

Market segment

Industrial Construction & Architecture, Facade

Location

Uyo, Akwa Ibom, Nigeria

Product

ACRYLITE® Satinice two-sided velvet texture

Selection criteria

No color variation, custom sheet sizes,
30 year warranty

Fabricator

ThyssenKruppPlastics Austria,
General contractor: Julius Berger International
End customer: Federal State Akwa Ibom, Nigeria

Main contractor

Julius Berger Nigeria PLC

Description of the application

ACRYLITE® Satinice velvet texture creates the unique façade of the Akwa Ibom Stadium. Working with precise specifications, the panels were cut into triangles with and without perforation patterns using a CNC milling machine. The velvet texture gently diffuses light and protects the panels from yellowing and fading caused by UV rays.
