

Application Story

ACRYLITE® Satinice

Cape Town International Convention Centre

Market segment

Lighting Technology / Industrial Construction & Architecture

Location

Cape Town, South Africa

Product

ACRYLITE® Satinice velvet texture

Selection criteria

Unbeatable light diffusion, weather resistance, energy savings

Fabricator

Romano Signs, Cape Town

Description of the application

The impressive light strip façade on the Cape Town International Convention Centre consists of 1,700 sheets of ACRYLITE® Satinice velvet texture. The material's matte texture is not reflective which eliminates sun glare during the day and car headlights at night.
